Corner Taper

Coming Spring 2013

FOIL TAPE DISPENSER

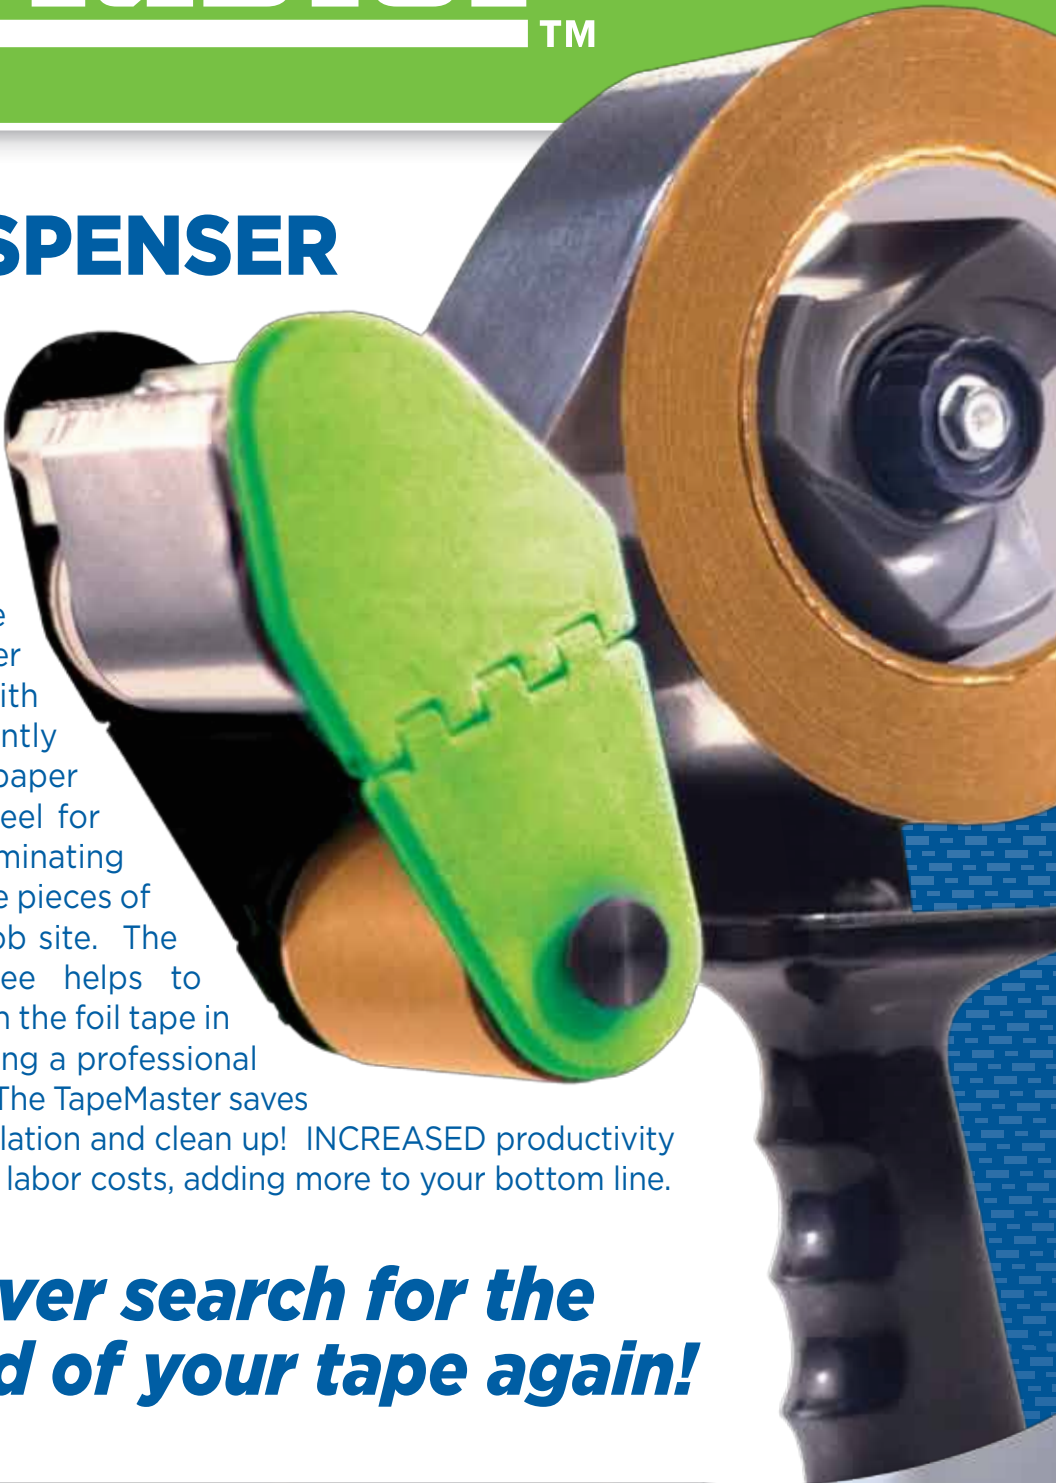

For use with all foil tapes with paper release liners
produced by all major tape manufacturers

THE TapeMaster™

FOIL TAPE DISPENSER

The TapeMaster is the industry's first and only aluminum foil tape dispenser, engineered for removal of the paper release liner from foil tapes with ease. It conveniently rolls the waste paper onto a take up reel for easy disposal, eliminating thousands of little pieces of scrap from the job site. The built in squeegee helps to apply and smooth the foil tape in one motion, leaving a professional look to your job. The TapeMaster saves time during installation and clean up! INCREASED productivity will reduce costly labor costs, adding more to your bottom line.

***Never search for the
end of your tape again!***
